The work described in Section 1 below shall be performed in accordance with all
plans, specifications and other Contract documents for the project known as:

217-14 Hempstead Avenue,
Queens Village NY 11429

The name and address of the construction lender is:

SECTION 1. SCOPE The Contractor agrees to furnish all labor, materials,
equipment and other facilities required to complete the following work:

Complete renovation and buildout

SECTION 2. PRICE AND PAYMENT The Owner agrees to pay the
Contractor for the strict performance of the work, the sum of

\$ _____ (\$ _____) subject to adjustments for changes in the work
as may be agreed to by the Owner and the Contractor, as may be required under this
Contract.

The Owner agrees to pay the Contractor in monthly progress payments for all
work completed. Payments will be due and payable within thirty days of invoice. Final
payment to the Contractor shall be made within forty – five (45) days after substantial
completion of the Contract and submission of the final invoice to Owner.

SECTION 3. ENTIRE AGREEMENT. This agreement represents the entire
agreement between the Contractor and the Owner regarding the work described in
Section 1, and supersedes any prior written or oral agreements or representations as to
that work.

SECTION 4. TIME. Time is of the essence of this agreement. The Contractor
shall provide the Owner with a progress and completion schedule and shall conform to
that schedule, including any changes to that schedule agreed to between the Owner and
the Contractor or required by circumstances beyond Contractor's control.

SECTION 5. DIFFERING SITE CONDITIONS. Contractor shall promptly, and before the following conditions are disturbed, notify the Owner, in writing of any:

(1) Material that the contractor believes may be material that is hazardous waste, or a toxic pollutant or other substance, the handling of which may subject Contractor to legal liability;

(2) Subsurface or latent physical conditions at the work site differing from those indicated in the Contract; or

(3) Unknown physical conditions at the work site of any unusual nature, materially different from those ordinarily encountered and generally recognized as inherent to work of the character provided for in the Contract.

The Owner shall promptly investigate. If the Owner finds that the worksite conditions do materially differ, or involve hazardous waste or toxic pollutants, the Owner shall cause a decrease or increase in the Contractor's cost of, or the time required for, performance of the affected part of the work by issuing a change order under the procedures described in the Contract.

SECTION 6. CHANGES IN WORK. The work shall be subject to changes or additions, deletions or revisions by the Owner. The Contractor will be notified by receipt of written additions and/or revised drawings, specifications, exhibits or written orders.

Whenever an adjustment in the Contract price or Contract time is required because of Owner's request, differing site conditions, errors in the plans and specifications, or other circumstances beyond the control of Contractor (including lack of worksite access, weather, fires, floods, strikes, acts of God, natural disasters, or acts of third parties), the Contractor shall submit to the Owner within a reasonable time a detailed estimate, with supporting calculations, pricing and adjustments in the schedule of the change to the Contract price and the Contract time. Pricing of the adjustment shall be in general accordance with the pricing structure of this Contract. However, to the extent that such pricing is inapplicable, cost of the change or the amount of the adjustment shall be determined on the basis of the cost to the Contractor plus reasonable amounts for overhead and profit.

The Contractor shall not be obligated to perform changes in the work or additional work until the Owner has approved, in writing, the changes to the Contract price and the Contract time.

SECTION 7. SUSPENSION OF WORK. If any payment is not made to Contractor as required under this Contract, Contractor may suspend work until such payment is made. Contractor may also suspend work under this Contract if a dispute over payment for extra work, differing site conditions, changes by Owner or other circumstances beyond Contractor's control will cause the Contractor to suffer substantial financial hardship if Contractor is required to continue the work. Contractor may request

that Owner provide written proof of Owner's ability to pay Contractor for the work remaining to be performed by Contractor at any time prior to or during performance of this Contract. Failure of Owner to provide such proof shall be justification for Contractor's suspension of work under this Contract.

Any suspension of work under this Contract will also suspend the progress and completion dates set forth in Section 4.

SECTION 8. INSPECTION OF THE WORK. The Contractor shall make the work accessible at all reasonable time for inspection by the Owner. The Contractor shall inspect all material and equipment delivered to the job site by others to be used or incorporated in the Contractor's work.

SECTION 9. SITE ACCESS AND RIGHTS OF WAY. The Owner shall provide, no later than the date when needed by the Contractor, all necessary access to the lands upon which the Work is to be performed, including convenient access to the lands and any other lands designated in the Contract Documents for use by the Contractor. Owner shall continue to provide such access until completion of the Contract. Any failure to provide such access shall entitle the Contractor to an equitable adjustment in the Contract price and the Contract time.

SECTION 10. REPORTS AND SURVEYS. Owner shall furnish prior to the start of work all maps, surveys and reports describing the physical characteristics, soil, geological and subsurface conditions, legal limitations, utility locations and legal descriptions that might assist the Contractor in properly evaluating the extent and character of the work required. The Owner shall provide all land surveys and baselines necessary for the Contractor to locate the principal parts of the Work and perform the Work.

SECTION 11. PERMITS, LICENSES AND REGULATIONS. Permits and licenses of a temporary nature necessary for the prosecution of the Work shall be obtained and paid for by the Contractor. The Owner shall assist the Contractor in obtaining such permits and licenses. Permits, licenses and easements for permanent structures or permanent changes in existing facilities shall be secured and paid for the Owner.

The Contractor shall give all notices and comply with all laws, ordinances, rules and regulations bearing on the performance of the Work. If the Contractor observes that drawings, specifications or other Contract documents are at variance with such laws, ordinances, rules and regulations, the Owner shall promptly be notified and, if necessary, an adjustment made to the Contract time or Contract price.

SECTION 12. TERMINATION. The Owner reserves the right to terminate the work for its convenience upon notice in writing to the Contractor. In such an event, the Contractor shall be paid its actual costs for the portion of the work performed to the date of termination, and for all of Contractor's incurred costs of termination, including

demobilizations and any termination charges by vendors and subcontractors, plus 20% of all of Contractor's actual and incurred costs for overhead and profit.

SECTION 13 INDEMNIFICATION

- 13.1 To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Owner and employees from and against claims, damages, losses and expenses, including but not limited to attorney's fees, arising out of or resulting from performance of the Contractor's Work, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), including loss of use resulting therefrom, whether directly or indirectly by the Contractor, Subcontractor, the Subcontractor's Sub-subcontractors, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss or expense is caused in part by a party indemnified hereunder. - ✓ 13.4 Contractor waives all rights against Owner and Architect and their agents, officers, directors and employees for recovery of damages to the extent that these damages are covered by Commercial General Liability Umbrella liability, business auto liability or workers compensation and employer's liability maintained per insurance requirements stated above.
